

# Edmonds Center for the Arts

## Building community through arts

As a cultural resource for the entire region, Edmonds Center for the Arts inspires creativity, learning and growth through performing arts presentations, community partnerships and education outreach programs. ECA strives to bring an exciting mix of concerts and events from right next door and around the world including contemporary music, powerful world music and exciting dance events.

We invite you to act on your passion for the arts by making a contribution to ECA's annual fund. Ticket sales and other earned income cover only a portion of funds needed for the vital work that we do. Your donation will help underwrite internationally acclaimed artists, educate young audiences, create important community programs and maintain our remarkable facility. We are dependant on generous support from individuals like you to realize our full potential.
